

Introducing Barn-Lite

The first sliding-door system featuring Hy-Lite® acrylic blocks.

Slide and shine! The new Barn-Lite sliding-door system from Hy-Lite® is here to bring new light to doorways with sparkling acrylic blocks encased in an architectural-grade vinyl frame supported by durable steel hardware.

Ideal for flexible privacy and decorative room division, Barn-Lite allows in natural light while protecting privacy.

The Barn-Lite door measures 38" x 83" in a choice of white or bronze vinyl framing. Heavy-duty steel hardware with a black finish completes the look.

Barn-Lite

Barn-Lite sliding door systems are an ideal fit for areas with limited clearance and are sturdy enough for high-traffic residential and commercial settings.

Barn-Lite doors are lightweight and slide effortlessly for easy transitions between pathways and privacy.

Divide one large room into two smaller rooms in seconds, or seclude yourself in your own light-filled oasis away from prying eyes.
